RE: Underwood Avenue and Woodland Avenue Construction Project Update

Dear Resident:

As we continue the design of the utility and street reconstruction in your neighborhood, we would appreciate your input on items specific to your property.

We will be hosting a Design Open House on Wednesday, January 24th from 4:00pm to 7:00pm at Fire Station No. 51, 1601 Underwood Avenue.

We have completed a preliminary engineering design and there will be engineers available to individually discuss these plans and any questions you may have. We will also have copies of the sanitary lateral video results from the inspections done late last year to share with you.

Schedule Update

The following is a review of the upcoming schedule on this project.

- January 24th, 2018 – Design Open House
- Early February, 2018 - Final design completed
- Mid February – Project publicly bid for construction
- Early March, 2018 – Bids opened and contractor selected to perform work.
- Mid-March – Project Information Meeting with residents, City and contractor in attendance.
- Late March, 2018 – Construction begins
- November, 2018 – Construction ends
- Spring, 2019 – Final restoration

If you are unable to attend the Open House but would like to speak with an engineer, please contact Maggie Anderson, 414-479-3444, manderson@wauwatosa.net.

Sincerely,

Maggie Anderson, PE
Senior Civil Engineer
