

Church Street Historic District

1448-1630 Church Street and 7758 Menomonee River Parkway

The section of Church Street between the Menomonee River Parkway and Milwaukee Avenue is the oldest residential street in Wauwatosa. This block is lined with fine homes built between about 1845 and the early 1920s. Also located in this district is the First Congregational Church, which remains at the site of its original meeting house, built in 1853.
