

# Wauwatosa Avenue Historic District

Properties along and adjacent to Wauwatosa Avenue from Warren Avenue to Watson Avenue

*Wauwatosa Avenue began as a path that divided Wauwatosa Township and was among Wauwatosa's first streets. The dirt road was graded and graveled in 1889, oiled in 1901, and paved in 1919. Originating from the City's historical center, the tree-lined thoroughfare remains an important local transportation corridor. The distinctive homes along the avenue range in date from 1844 to 1938, and feature a cross section of the architectural styles popular during that time period.*

City of *Wauwatosa* Designated Historic Place
